

Flexible Protection, without the Hassle

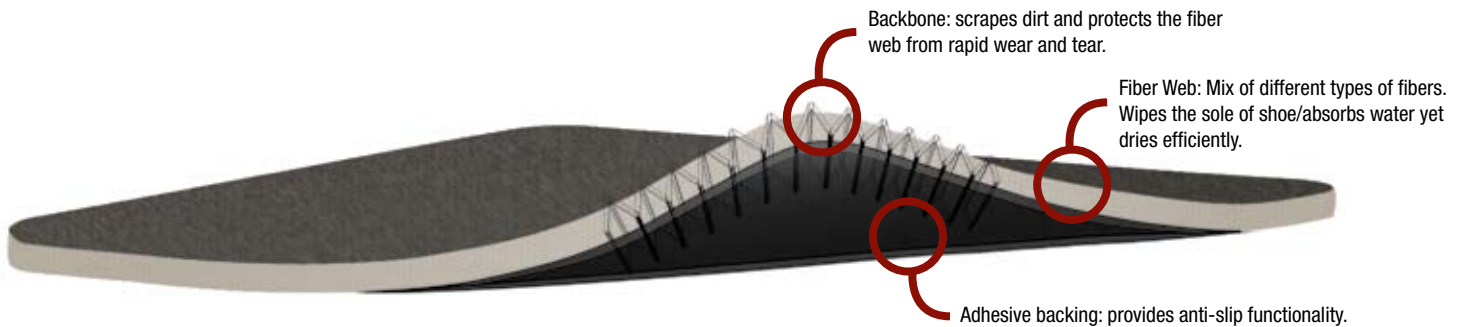

Demanding weather deserves on-demand protection!

When bad weather strikes, ensuring your building entrances are safe is the number one priority. Your current entrance mats may not be able to absorb and retain the additional moisture heavy rain and snow can produce. Introducing the 3M™ Nomad™ Basic Entry Mat – a unique combination of ingenious product design and high dirt and moisture retention with an instant on-demand capability. The mats are easy to install side by side with your current entrance matting helping to provide a safer, dryer building environment. Flexible, economical and minimal maintenance make this ‘drop down’ mat ideal for a number of applications in retail shops, offices, schools and other commercial buildings. The 3M™ Nomad™ Basic Entry Mat is the perfect complement to your current entrance matting for specific events, adverse weather or other short term, heavy traffic situations.

3M™ Nomad™ Basic Entry Mat

Easy to install, handle and discard, 3M™ Nomad™ Basic Entry Mats are discreet, hassle-free and cost-efficient.

- Flexible and robust backbone scrapes dirt from shoes and protects fibers from rapid wear and tear
- Unique 3M blend of coarse and fine fibers clean the soles, absorbing moisture and retaining dirt
- Sticky adhesive backing grips the floor, helping to eliminate slips

High Performance

- Highly efficient water absorption and dirt removal
- Unique blend of coarse and fine fibers in flexible backbone

Easy to Install

- Mats can be added seamlessly side by side or one after another
- Available in 3 standard sizes to fit inside most entrances

Flexible and Discreet

- Use as many or as few depending on foot traffic and weather conditions
- Available in a complementary Dark Gray color which discreetly matches most environments

Safe and Secure

- Stays in place thanks to a sticky adhesive backing
- Low profile and rounded corners help lessen the risk of tripping

Minimal Maintenance

- Easily vacuumed to remove surface dirt and debris
- Can dry overnight at normal room temperatures

Easy to discard

- Can be disposed with normal day-to-day rubbish at the end of it's useful life
