**Maximum
Imprint Area**
2.25" Width x 1.5" Height

Manufactured by 3M for Your Company Name

INSTRUCTIONS

1. Unwrap 12" (30 cm) of the band and wrap adhesive side around your wrist.
2. Unroll rest of band and remove liner from copper tape.
3. Attach the copper tape to electrical ground or the metal frame of equipment you are servicing.

CAUTION: This product is not recommended for use on equipment with operating voltage exceeding 250 volts. The disposable wrist strap is for static control. It will not reduce or increase your risk of receiving electric shock when using or working on electrical equipment. Follow the same precautions you would use without the wrist strap, including:

1. Make certain that equipment having a grounding type plug is properly grounded.
2. Make certain that you are not in contact with grounded objects other than through the disposable wrist strap.

DO NOT INSTALL OR UNPACK COMPONENTS WITHOUT USING THE ENCLOSED WRIST STRAP. Failure to use it properly can result in static electricity damage.

WARNING: A current limiting resistance is fabricated into the plastic ribbon below the wrist band. If it appears damaged, cut off or missing, discard wrist strap immediately and replace.

IMPORTANT NOTICE: Before utilizing the product, the user should determine the suitability of the product for its intended use. 3M expressly disclaims the implied warranties of merchantability or fitness for a particular purpose. In no case shall 3M be liable under any legal theory, including but not limited to negligence, contract or strict liability, for any direct, indirect, special, incidental or consequential damages resulting from product use.
